OUR DRUG BUSINESS, located in San Francisco

Cal., after our best wishes and careful thought

for the liberal patronage we have received for more

than twenty years, during which period we have been

steadily engaged in the drug business in California.

We beg to say in consequence of the rapid growth of

the United States and other countries far beyond, we

are necessitated to devote our entire time to the

business.

We are the oldest drug firm on the Pacific Coast

and have only one, continuous under the same

management since 1848, and have determined to sell

our business, and well established business on favorable

terms.

A GREAT MEDICAL DISCOVERY

DR. WALKER'S CALIFORNIA

VINEGAR BITTERS

Hundreds of Thousands

have testified to their

beneficial effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Pure Rum, Whiskey, Proof Spirits

and Refine Liqueurs, distilled, speed and sweet-

ened to please the taste, called "Tonic," "Appetizer,"

"Restorer," &c., that lead the tippler on to

drunkenness and ruin, but are a true Medicine, made

from the Native Roots and Herbs of California, free

from all Alcoholic Stimulants. They are the

GREAT BLOOD PURIFIER and A LIFE

GIVING PRINCIPLE, a perfect Renovator and

Invigorator of the System, carrying off all poisonous

matter and restoring the blood to its healthy condition.

No person can take these Bitters according to direction

and remain long unwell.

\$100 will be given for an incurable case, provided

the bones are not destroyed by mineral poison or

other means, and the vital organs wasted beyond the

point of repair.

For Inflammatory and Chronic Rheumatism

and Gout, Dropsy, Pimples, or Indigestion

Bilious, Headache, Nervousness, or Intermittent

Fever, Discharge of the Blood, Liver, Kidneys, and

Bladder. Such Diseases are caused by Vitiating

Blood, which is generally produced by derangement

of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Head-

ache, Pain in the Shoulder, Cough, Tightness of the

Chest, Dizziness, Sore Eruptions of the Stomach,

Bad Taste in the Mouth, Bilious Attacks, Palpitation

of the Heart, Inflammation of the Lungs, Pain in the

regions of the Kidneys and a hundred other painful

symptoms, are the offspring of Dyspepsia.

They invigorate the Stomach and stimulate the tor-

pid liver and bowels, which render them of unequalled

efficacy in cleansing the blood of all impurities, and

imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt

Rheum, Blotches, Spots, Pimples, Puslules, Boils, Car-

buncles, Ring-Worms, Scald-Head, Sore Eyes, Erysip-

elas, Itch, Scurf, Discolorations of the Skin, Humors

and Diseases of the Skin, of whatever name or nature,

are literally dug up and carried out of the system in a

short time by the use of these Bitters. One bottle in

such cases will convince the most incredulous of their

curative effect.

Cleanse the Vitiating Blood whenever you find its

impurities bursting through the skin in Pimples, Eruptions

or Sore Eruptions. It when you find it obstructed

and sluggish in the veins; cleanse it when it is foul,

and your feelings will tell you when. Keep the blood

pure and the health of the system will follow.

FOR TAPE AND OTHER WORMS, lurking in the

system of so many thousands, are effectually destroyed

and removed. For full directions, read carefully the

etiquette around each bottle, printed in four lan-

guages—English, German, French and Spanish.

SPROAT & CO.

THE BRITISH COLONIST.  
Friday Morning, Nov'r 3, 1871.  
Public Revenues and Public Works.

According to the terms of Union with Canada, the following subsidies are payable to this Province by the Dominion Government, in half yearly instalments, in advance:—Eighty cents per head, upon a population estimated at sixty thousand, \$48,000; annual subsidy towards defraying expense of Provincial Government, \$85,000; annual grant in consideration of certain wild lands set apart for railway purposes, \$100,000.—Total \$183,000. Although the formal admission of British Columbia did not take place till the 20th July, we believe we shall be correct in stating that, for all financial purposes, union will be reckoned from Dominion Day—the 1st July. Thus, on the 1st day of January 1872, this Province will have received or will be entitled to receive from the Federal exchequer the sum of one hundred and sixty-three thousand dollars. This sum may be regarded as accumulated revenue, awaiting the inauguration of the new Government for expenditure—presumably for the most part available for public works. This is a considerable sum of money to draw from abroad every year for expenditure within the Province, and it will be felt in the construction of needed public improvements, as well as in the employment it will afford for labor. It is not the design of the present remarks to indicate specific objects of expenditure, but we may be permitted to suggest the desirability of employing these revenues, as far as may be consistent with a due regard to the various interests of the country and the just expectations of the inhabitants, upon such public improvements as shall be enduring in their nature and of practical utility. There should be a careful avoidance of everything like rash expenditure upon tentative objects; also we shall have our available revenues for public works frittered away, and little or nothing to show for them. There can be little doubt that road-making will constitute a main object of expenditure, and it is to be wished that there should be a careful system adopted in locating roads through the various settlements, and that the method of construction should have particular regard to the best interests of the settlers and the permanent good of the country. To be more explicit; when a road is to be constructed through a rural settlement we consider that a fair opportunity should be offered those resident in such locality to take work thereon should they desire it. This object might be attained by adopting a system of day-work, and/or good overseers or, probably better still, dividing the road into small sections, so as to place contracts within the reach of settlers. It is a safe conclusion that with a judicious and careful expenditure, the revenue likely to be available for that purpose will do much towards supplying the great desideratum for the agricultural settlements—good roads.

**Good Men Coming to the Front.**

For years past the advocates of Responsible Government were met by the question, "Where will you get your men to carry it out?" The reply was, "Give us the system and the men will be forthcoming." And the sequel is likely to prove the correctness of the answer. In almost every District have we found good men coming to the front who, had it not been for the inauguration of Responsible Government, would in all probability have continued to be unknown to political fame. Although true of the whole Province, this is especially true of the interior Districts on the Mainland—precisely where the greatest difficulty in obtaining good men was anticipated. In the Yale-Lytton District two out of the three candidates most likely to gain election (Messrs Robinson and Semlin), and in the Kootenay District the two candidates almost certain of success, and in the Lillooet District one of the two candidate likely to be returned, are all men whose names are new in the political arena, and men, without, likely to make themselves felt for good in the Councils of the country. Nor is Cariboo District an exception; for although Mr. Walker has played a most creditable part in British Columbia politics in times past, and although Mr. Thompson has taken an active part in public affairs in various capacities and has proved himself to be possessed of no ordinary ability, yet the name of Mr. Hunter, the third and least known candidate, is now heard for the first time in connection with the politics of the country. He has literally hid his rare political talents in the tunnels and drifts of Cariboo. Such is the salutary influence of Responsible Government. It draws out native talent and brings good men to the front frequently where it was thought none existed. In truth, our old and experienced politicians, or the few of them still disposed to take an active part in public affairs, will need to look to their laurels; for they are in danger of being eclipsed by the fresh aspirants. This is as it ought to be, and augurs well for the future of the Pacific Province.

Every seven years, physiologists say, the human body is entirely changed and renewed. Every member of our lives, every part of our bodies is wearing out and being built up anew of fresh matter. This work is accomplished by the blood, which goes through every part. But if the blood becomes weak, or vitiated, and does not perform its work properly, the system is actually poisoned by the worn-out matter, clogging the vital organs, instead of leaving the body. For dyspepsia, biliousness, kidney, skin and liver troubles, biliousness, kidney, skin and liver troubles, fevers, and all diseases arising from vitiated blood, DR. WALKER'S CALIFORNIA VINEGAR BITTERS are a sovereign remedy.

**PUGET SOUND ITEMS.**—The Pacific Tribune  
says that in point of looks the ordinary hedge-  
hog has the advantage of the Grand Duke  
Alexis, whose portrait the editor has seen. ...  
A special agent is examining the books of Gen  
McKenney, Superintendent of Indian Affairs,  
and the Tribune says discoveries have been  
made that will render the removal of the Su-  
perintendent necessary. ... The Port Town-  
send Cyclop announces the departure of the  
woman's rights back to settle on Puget Sound  
last evening. ... Mr Fred Drew has taken charge of  
the Customhouse at Port Townsend. ... A dispatch  
to the Cyclop of date the 31st says: The Joint  
Convention of the Legislature assembled yester-  
day and elected the following Territorial  
officers—J H Manson, Treasurer; N S Porter,  
Auditor; M V Mossman, Librarian; William  
Huntington, Adjutant General; F M Sargent,  
Quartermaster General; S M Hovey, Brigadier  
General, R C Fay, Commissary General. ...  
The Washington Territory Legislature has  
adjourned till the 11th.

**FELON CURR.**—Supposed remedies for the  
ills of life abound, but many of them have not  
been sufficiently tested to be really valuable.  
A lady writes to Harper's Bazar: 'I wish, be-  
fore the Doctor comes' knew how excellent  
for a skin feline the yolk of an egg is. I had  
one about three years ago which was intensely  
painful. I broke off the end of the egg shell,  
pouring out a little of the white, and dipped  
my finger in what was left. Every six hours I  
changed for a fresh egg, the other becoming  
unpleasant. In 24 hours the felon discharged  
My finger is as straight as it ever was and I  
can use it as before.' An application so sim-  
ple, which has proved efficacious, is certainly  
worthy of trial.

**MEETING AT NANAIMO.**—On Monday even-  
ing a meeting was convened at the Mecha-  
nics' Institute for the purpose of hearing the  
political views of Mr Wallace. John Paw-  
son, Esq, was appointed to the Chair. Mr  
Wallace explained his views at some length  
and was followed by Mr Joseph. The  
greatest good feeling prevailed during the  
meeting, which separated with the usual  
vote of thanks to the Chairman.

**THE SENATORS.**—We are authorized to state  
that Dr Hecken has declined a proffered  
seat in the Canadian Senate. We are at a  
loss to understand the reasons that have  
actuated this able and patriotic gentleman  
to decline so high and well-deserved an  
honor. There are many who still cling to the  
hope that the doctor may yet be induced to  
serve his country in the popular branch of the  
Canadian Parliament.

**PAY YOUR RATES AND SECURE A VOTE FOR MAYOR**  
and City Councillors on the 9th. The urban  
Mr Leigh will be on duty at the Clerk's Office  
from 10 A.M. to 4 P.M., daily, to receive the  
amounts due and place your name on the  
Voters' Register. It would be most improp-  
er thing to ask a first class man to serve as  
Mayor and send only second-class men in as  
Councillors to badge and hamper him in the  
discharge of his duties.

**AT A MEETING OF THE COURT OF THE BANK OF**  
England, held on the 14th ult., the Governor  
stated that the profits for the half year ending  
the 31st of August, amount to £621,214 11s.  
4d., making the rest on that day £3,632,964  
5s. 8d. After a dividend of £4 5s. is deduct-  
ed from this amount the rest will be £3,051-  
461 15s. 8d. The report of the Directors was  
adopted.

**I. O. or O. F.—A H Guild, Esq, has been**  
appointed Deputy District Grand Master of  
this order in this Province of British Colum-  
bia. J P Davies, removed. Mr Guild is a  
respected resident and Odd Fellow, and under  
his administration we look for a large increase  
in the membership and influence of the  
Order.

**THEFT.**—Two Bella Bella Indians bearing  
respectively the names of Alick and Peter were  
arrested at the Police Court yesterday on a  
charge of stealing a boat, the property of a  
Sooke Indian. The case was partially investi-  
gated and the prisoners were remanded until  
Monday next.

**THE RACE.**—On Monday next at the Gar-  
rick's Road, between the hours of 2 and 3,  
applications will be received for bars and re-  
freshment booths at the race-course. \$20 has  
been fixed as the rate for bars, and \$5 for  
booths.

**THERE WILL BE A SPECIAL MEETING OF THE**  
City Council this evening.

**SPOILED STREETS.**—Every ratepayer, be-  
fore election day, ought to visit Blanchard  
street from Kane to Yates street, and Gov-  
ernment street from Fisguard to the city  
boundary. The last-named thoroughfare is  
even in worse condition than the first and  
after a week's "rain" will be impassable.  
Go and look at them and judge for yourself.  
The very streets cry out against the City  
Council.

**CUNDURANGO.**—This new cancer-cure is  
being practically tested in this city in a case  
of cancer of long standing. The first effect  
has been to restore an appetite and relief  
for food to which the patient had been a  
stranger through many weary months of  
noble suffering.

**ST ANDREW'S AND CALLEDONIA SOCIETY.**—  
The annual meeting for the election of offi-  
cers for the ensuing year will be held in

o'clock.

Washington Treaty (which appears in our

read with deep interest.

**THE PAYMENT OF THE ROAD TAX** will not  
qualify a person to vote for Mayor and Coun-  
cillors. Payment of the Dog Tax, however,  
will.

**THE NEW YORK MUNICIPAL THIEVES** stole \$65,000,  
000,000 in two years! The apathy of the rate-  
payers in allowing bad men to get into office  
was the cause of it.

What portion of a theatre is he most like?  
Ans—The tiers!

**Dominion Mail Summary.**  
By overland mail we have received papers  
to the 16th October. Col Shaw, Dominion  
Immigration Agent in Scotland, is at On-  
tario. ... Sir John A Macdonald is willing to  
accord better terms to New Brunswick, and  
there is little doubt that an increased sub-  
sidy will be agreed to. ... The Bank Note  
Company are removing their presses to Mon-  
treal. ... Officers are gazetted to the new  
military organizations in the Province of  
Manitoba. ... Arrangements have already  
been made to supply the force about to pro-  
ceed to the North West with the necessary  
provisions, &c. ... Colonel O'Brien Smith is  
have command of the force about to be sent  
to the North West. The selection is a wise  
one as Colonel Smith is in all respects an  
excellent soldier, possessed of a more than  
ordinary share of courage, prudence and  
military experience. ... A fire at Toronto,  
Oct 14th, destroyed the grain-elevating war-  
house of Melloy & Co. Loss, \$50,000.

**JAPAN TEA, OR A JOKE ON SUSAN.**—  
When Miss Anthony came here she  
found fault with the tea at the Union  
hotel, where she stopped. So taking  
her tippet and donning her spectacles,  
she went the rounds of the grocery  
stores, inquiring for "English breakfast  
tea." She wanted some "really  
nice English breakfast tea." She was  
supplied with a paper of the superior  
Japan tea, on sale by Gerrish & Co, and  
out of the same lot from which the  
Union had procured a supply. She  
carried this to the cook and told him  
when she took her meals to make her tea  
out of that paper. The landlady of the hotel  
however, instructed the cook to keep  
the package and serve Miss Anthony  
with the same tea as the other boarders  
used, only to put Miss Anthony's in a  
little earthen ware teapot. The ancient  
virgin thought she was better served  
than her neighbors, and while taking  
her meals would frequently exclaim:  
"How nice this tea is!" When she  
left her yesterday her package of tea  
was handed to her, and then she found  
she had been using the same tea as is  
always used at the Union. Miss Susan  
said that hereafter she will brew her  
own tea in her own teapot—Port  
Townsend Cyclop.

**AN AUSTRALIAN PAPER, THE PLEASANT**  
Creek News, relates a piece of intelli-  
gence which is in fact, almost as roman-  
tic as the Tiebhorne affair and every-  
body will be as much surprised to hear  
it. In the family of a wealthy squat-  
ter in Wimmera, a few days ago, says  
the News, a servant engaged to attend  
on the children stepped in to a title and  
property of £40,000 under the  
name of Lady Elizabeth Morton. It  
will appear that the lady, while acting as  
servant in the family, frequently assured  
those around her of her aristocratic connec-  
tions, but no one credited her tale. She  
came out to this country without an educa-  
tion at all adequate to her position, and it  
is not at all improbable that for the ef-  
forts of an able lawyer in Melbourne, Lady  
Elizabeth Morton would have remained in a  
dependent position to the day of her death.

SPECIAL TO THE DAILY BRITISH COLONIST.  
**LAST NIGHT'S DISPATCHES.**

**Eastern States.**  
New York, Oct 31—Deputy Comptroller  
Green declines to pay the Police Justices and  
Clerks on the ground that they have been over-  
paid by the increase of salaries which they  
have been receiving under the vote of the  
Common Council. Under this decision they  
will not receive any salaries for many months  
to come.

The Government has information from the  
Captain of the steamer Hermann, which sailed  
from Bremen, Sept 22d, leading to the belief  
that A Garvey and wife went on that steamer  
assuming the name of McDonald, and on ar-  
riving at Bremen, in which the writer stated  
that he met Mr Jassume of Chicago, who  
told him of a suspicious personage on the  
Hermann, and gave the same facts as those  
gathered from the Captain of the Hermann.  
The Grand Jury were dismissed yesterday  
without finding an indictment against Tweed.  
His case will be brought before a new Grand  
Jury to be empaneled on Monday.

New York, Nov 1—Letters from Mrs  
Josephine Mansfield to James Fisk are pub-  
lished. She upbraids him for perjury. She says  
it is a shame to compel her, who grew up  
with him from nothing to have to vindicate  
herself in Court. She refers to his scheme, re-  
vealed to her four years ago, of the stealing  
of the Erie bonds; how when he was buying  
the New York Legislature, he said it would  
result in either a Fisk Palace in New York,  
or a stone palace at Sing Sing, and requested  
her, if it was the latter, to take a cottage out-  
side the prison. She was willing to have mat-  
ters arbitrated by Wm M Ewart, but says if  
his power over the Courts is still supreme,  
Tammany will still be able to protect him and  
reward may still be his.

Asbury assents to the loss of the Queen's  
Cup, but contends that the Committee did  
not run the races in a sportsmanlike manner.  
He will make no claim for the cup and will  
not come back next year.

San Francisco, Nov 1—Suit to test the val-  
idity of the assessment of 75 per cent levied on  
the stock of the Pacific Insurance Company,  
has been entered in the Fifteenth District  
Court. The general opinion is that the as-  
sessment is legal, and that stockholders with  
a few unimportant exceptions are paying it,  
thereby enabling the Company to go on with  
business without interruption.

zay has been told that he cannot stay at  
Washington after the visit of the Duke

Minister has never informed the Government  
here that the American Government threat-  
ened to send away the Russian Minister.

New York, Nov 2—The Tribune's London  
letter of October 21st says that nothing could  
be better for English interests in Chicago than  
the extraordinary efforts of the London press  
to get early and full accounts and news. A  
lookout was kept for the steamship Java at  
Queensdown, bringing New York papers of the  
11th. The newspaper reporters went out in a  
tag and overhauled the Java some distance  
out at sea, obtained the papers; and this morn-  
ing we have from three to six columns in the  
leading journals.

The Bank of England and the Union Bank  
of London have each subscribed £5000.  
The new alliance between the Peers and  
workmen falls into discredit. Lord Silli-  
bury, Lord Kinnaird, the Marquis of Lorne,  
the Duke of Richmond, Lord Lennox, Sir Staf-  
ford Northcote, and Mr Guthrie Hardy gen-  
erally denied all complicity in the business.  
Some of them never heard of it till they read  
the newspaper accounts.

The mails by the steamship Russia bring  
reports of Earl Granville's speech at Manches-  
ter. He said, 'I will venture to allude to the  
Treaty of Washington, which Mr Ashton has  
already spoken so well of. I believe it is one  
which has results of the best possible char-  
acter. I was accused in the House of Lords of  
having too much complimented all who were  
connected with the treaty. I cannot regret  
one word uttered by me. (cheers) I think  
we all see the results of the treaty every day.'

It is an immense thing that Great Britain and  
the United States should have consented to  
decide by amicable means a quantity of com-  
plicated questions and establish a good feeling  
which ought to exist at all times between the  
two nations. There is hardly a day passes  
on which we have not sound proof of the  
extent of this good feeling. What has been  
the feeling in England? I don't believe  
that if one of our large towns had been  
burned down more sympathy would have  
been shown than has been shown not only  
in Manchester—connected by feeling with  
the United States—but in every other part  
of the country, with the calamity which we  
regret so much—which the inhabitants of  
Chicago have suffered [cheers]. On the  
other hand what do we see? I heard a  
rumor of intended Fenian invasion, I tele-  
graphed at once to Mr Fish who informed  
me the very next day that his Government  
had already sent instructions and given  
orders of a stringent character [cheers]—and  
we have heard, although only from very  
meagre telegrams, that the American Gov-  
ernment's instructions have been obeyed and  
this ridiculous, wasion raid has been put  
down, not by us but by the Americans  
themselves [cheers]. If I may be allowed  
to add one single sentence it is to point to  
the effect which I think our example will  
have with regard to the settlement of inter-  
national disputes.'

**Loss of the Megara.**

from one of the officers of the Meg-  
ara by a relative in England:—"St  
Paul's Island, Indian Ocean, July 1st,  
1871—I am quite well and safe on shore  
with all my furniture, clothes and  
everything, thanks to the mercy of my  
Saviour. I trust no telegrams have  
frightened you, but fear they may have.  
When half way to Australia, in mid  
ocean, more than two thousand miles  
from land, and it blowing hard, the  
ship at midnight began to leak. They  
found holes in her bottom like a tea-  
kettle worn from age. We then ran  
away for this island, 1500 miles off.  
God in his mercy sent us a strong wind  
and away we went leaking fearfully.  
The men could not keep it down, so  
we used steam pumps, and even these  
broke down. At last, ten days after,  
we reached this island. It came on to  
blow hard; we lost all our anchors and  
were blown under a huge precipice and  
we gave up all hope. I put on my life  
belt as a last hope, but God intervened  
just as her bowsprit was touching the  
rock and took us clear off. We then  
went to sea a little, and during a full  
run the ship right on shore in the best  
place we could, and here we are all safe and  
sound, with everything saved—wine, pro-  
visions, clothes, furniture, books, etc. We  
are all like so many Robinson Crusoes in  
boat and tents all over the island. It is  
pretty in some places, but rather barren.  
There are fine fish and wild goats, and lob-  
sters are caught by dozens. We have em-  
ptied the ship of everything in her. She  
was rotten throughout and her bottom worn  
into holes like a colander. Imagine 350  
men in such a ship! The wear and tear,  
too, mentally and physically, for the last  
two weeks has been very great. Merchant  
vessels sight this island on their way to  
China, India and Australia. We saw two  
yesterday and nearly caught one in a boat,  
but it was late in the evening and too dark.  
We shall send away an officer and men with  
dispatches in the first one and then wait  
even for mail-of-war to come to us from the  
Cape or Mauritius or Australia. We have  
plenty of food, etc, even for three months,  
but we hope to stop merchantmen and leave  
by batches of 50 or so in them, so have no  
more anxiety in the matter.'

**Trochu and the Emperor.**

The Paris correspondent of the Daily News,  
writing on the 25th Sept, refers to an in-  
teresting work of M Schneegans, 'The War in-  
sane', and says—  
It is full of curious facts connected with  
the siege of Strasburg, of which town M Schneegans,  
now the chief editor of the Journal de  
Lyon, was the sub-murderer during the siege.  
The recital of M Valentia's daring adventures  
in trying to enter Strasburg, in order to  
supercede Baron Pron, the Imperialist Prefect,  
is excellent reading for hero-worshipping lads.  
Schneegans has a good deal to say about Gen  
Trochu, whom he makes the foil of the bold  
Valentia. He charges him with having warmly  
advised the Emperor, when he went to see  
him at Châlons, to make a coup d'etat in Paris  
as a step towards treating with the Prussians.  
The Emperor shrank from such a daring mea-  
sure. When Trochu was taking leave of him,  
Napoleon asked if he thought he was invested  
with sufficient powers to accomplish the mis-  
sion with which he had just been charged. 'I  
think,' answered the General, 'that your Ma-  
jesty has done all you can to make my task  
easy. I have but one request to make, and I  
beg your Majesty's pardon for urging it.'  
'What is it?' asked the Emperor. 'To allow a  
soldier, who is devoted to your person and  
dynasty, to embrace your Majesty.' Suiting  
the action to the word, Trochu threw his arms  
round the Emperor's neck, kissed him on both  
cheeks, wept with emotion, and in taking his  
leave, registered a vow that in case the Em-  
pire should rise in rebellion against the Em-  
press Regent he would, if called upon, spend  
the last drop of his blood in her defence.

**An Unprotected System.**

Do not fancy because you feel strong that you  
are impregnable to sickness. Whole neighbour-  
hoods are frequently prostrated at this season by  
malarious fevers. Vigorous muscles and strong  
sinews, broad shoulders, and sound lungs are not  
defence against the mephitic vapors of autumn.  
Fumes which have withstood the summer heat  
may succumb now. Many an athletic man,  
whose family depends for its support on his in-  
dustry, now lies prostrate, weak and helpless as a  
baby, under the periodical assaults of chills and  
fever, or bilious remittent fever. This could not  
be if all were wise enough to provide against such  
a contingency, by toning and fortifying the system  
with Hostetter's Stomach Bitters. This approved  
vegetable tonic is absolutely harmless, so that it is  
sheer folly not to take it as a safeguard at a sea-  
son when diseases of the liver, the stomach,  
the bowels, and indeed all the visceral organs  
are generally prevalent. To keep the system in  
order and insure health, or to put it in order  
when this precaution has been neglected, is the  
duty of every human being who values life. For  
these purposes Hostetter's Bitters is designed  
and answers both. Petty local dealers are  
endeavoring in many parts of the country to  
substitute preparations made of impure and dan-  
gerous materials in its stead. Give them a  
wide berth. They are prepared by unskilful ex-  
perimenters, who want to turn a penny at the  
expense of the public health.

**REMEMBER THE FATE OF ABALOM.**—Fred  
Payne, Tonsorial Artist. Shaving 12 cents  
hair Cutting 25 cents, Shampooing 25 cents  
That Original Cheap Shaving Shop stands  
on the sunny side of Johnson street.

**EMINENT CUTLERS.**—Among the names of  
the most prominent manufacturers of cutlery  
are found those of Westchholmy, Hapin,  
Crookes, Harrison and Josen Roskiss & Sons.  
The latter has for a series of years held the  
prestige for excellence, and has been awarded  
the prizes at the Industrial Exhibitions; and  
at present the sole importers in this Province  
are T N HIBBEN & Co.

**MR C A NOLTEMER** has returned from San  
Francisco with a splendid assortment of boots  
and shoes of the latest styles, which he will  
sell at low prices. Boots made to order and  
warranted to fit. Repairing neatly done.—  
Government street, next to the St Nicholas  
Hotel.

**PIMPLES, BLOTCHES.**  
and roughness of the skin generally arise from  
depraved or vitiated humors. Bristol's Sarsaparilla  
is the best of all known purifiers of the blood and  
humors. This wonderful medicine neutralizes the  
poison, and imparts a delightful buoyancy and  
cleanses the system. Taken at the same time, purges out  
the unhealthy secretions insuring a smooth,  
soft, white, soft skin.

**A. GILMORE, MERCHANT TAILOR**, and Gen-  
eral Outfitter, has removed his place of busi-  
ness to the store adjoining the Colonial Hotel  
and opposite the Colonial Office, on Govern-  
ment street, fourth door from Yates, where he  
proposes to give his old friends and new  
customers a chance on the principle of quick  
sales and small profits.

**NEW LIFE.**

When the mind and body are tired by over-  
exertion, or by long study, a bath, in which has  
been mixed a half-bottle of MURRAY & LANMAN'S  
FLORIDA WATER, will re-invigorate the physical  
powers, and impart a delightful buoyancy and  
earnest to the mind.

To prevent disappointment always ask for,  
the Florida Water prepared by Lanman & Kemp  
New York, there being worthless counterfeits  
possessing none of the above properties.

**FELL'S COFFEE**, superior to any other  
manufactured on the Coast, may be ob-  
tained of all respectable dealers throughout  
the Colony.

It is the most sure and speedy cure for

Promoting the Appetite and Invigorating the whole
